

# 2023 HOMESCHOOL FAMILY CONFERENCE

AUGUST 7-8, 2023

## *The Biblical Feasts in the Home*

Four Ways to Celebrate at This Time:

1. At home
2. With Others Locally
3. With Others Far Away
4. In Israel

Remember:

- Do Bible Things in Bible Ways!
  - Leviticus 23 – The place to start when learning about the Biblical Feasts
- Content with what you have.
- Schedule Your School Calendar around the feasts.
  - Before the feasts
  - After the feasts

Celebrating at Home:

- Decorate
- Special Holiday Meals
- Write down what you do, so that you'll remember in future years.
- Build a *sukkah*, a temporary shelter.
- Invite friends to celebrate with you.

Celebrating Far Away:

- Plan a packing list for camping in cooler weather.
- Take your InstaPot, crockpot, and electric skillet, if you'll have access to electricity.
- Allow enough time for packing and unpacking.

Celebrating in Israel:

- Don't go alone the first time.
- Get your passport now, so you're ready whenever you can go.
- Shavuot is less expensive for travel in Israel, so that's a great feast to start with.

How to Pay for the Feasts:

- Set aside a tenth for those who teach you in the Word, for the poor, and for the feasts.

Friends and Family:

- Share all the special reasons you love the feasts.
- Ignore the other holidays.
