

HOMESCHOOLINGTORAH

Take a peek inside.

SAMPLES THAT YOU CAN PRINT AND TOUCH.

Ready to Print

Do you prefer having a printed lesson to look at each day? Most parents do!

Homeschooling Torah is an "online" curriculum, but we give you monthly PDFs so you can print them... punch holes... and have everything printed and ready to use.

It's economical, convenient, and easy!

Samples of Teacher Pages

In the "Time" column, plan your schedule for the week.

	<input type="checkbox"/> Building Time						
	<input type="checkbox"/> Outside Time						
	<input type="checkbox"/> Resting Time						

When printing this week's lessons, place a ✓ next to each subject.

On different weeks in each subject? It's okay! Just write the week number next to each subject.

Some subjects don't need to be done daily.

Your planner can help you stay organized all around the house!

Keep previous weeks' planners as a record of attendance and what was accomplished.

Homeschooling Torah

Curriculum Overview

	Early Years					Middle Years					High School			
	Kindergarten Age 5-6	1st Grade Age 6-7	2nd Grade Age 7-8	3rd Grade Age 8-9	4th Grade Age 9-10	5th Grade Age 10-11	6th Grade Age 11-12	7th Grade Age 12-13	8th Grade Age 13-14	9th Grade Age 14-15	10th Grade Age 15-16	11th Grade Age 16-17	12th Grade Age 17-18	
Together School:	You can do Bible, History, and Science with all of your children (K-12th grades) together.													
Bible	Choose ONE: - Foundations 1 (Old Testament Survey) - Foundations of Torah (Genesis to Deuteronomy) - Foundations of Nakh (Joshua to Malachi) - Foundations of the Apostolic Scriptures (Matthew to Revelation)													
History	Choose ONE: - World History Year 1 (Ancient History) - World History Year 2 (Babylon, Persia, Greece, and Rome) - World History Year 3 (Middle Ages) - World History Year 4 (Reformation to Modern Times) - American History - Geography <i>High School: Some states require Government & Economics.</i>													
Science	Choose ONE: (We ask you to do these in order, because topics build on each other.) - Science Year 1 (Science in Creation) - Science Year 2 (Science in the Flood) - Science Year 3 (Science in the Torah) - Science Year 4 (Science in History)

										2 years foreign language required for some college admission. <i>(High School: Keep your state and/or college requirements in mind when choosing electives.)</i>				

Our Method

Hear

We help our children "listen with intelligence" and to understand what we are teaching them.

Learn

We "goad" and repeat and remind, to help our children remember what they have learned with discussion and writing skills.

Keep

We help our children "guard" what has been learned through long-term memorization and testing.

Do

Going to school isn't the point. Learning facts isn't the goal. Learning should bring about a "change" in behavior.

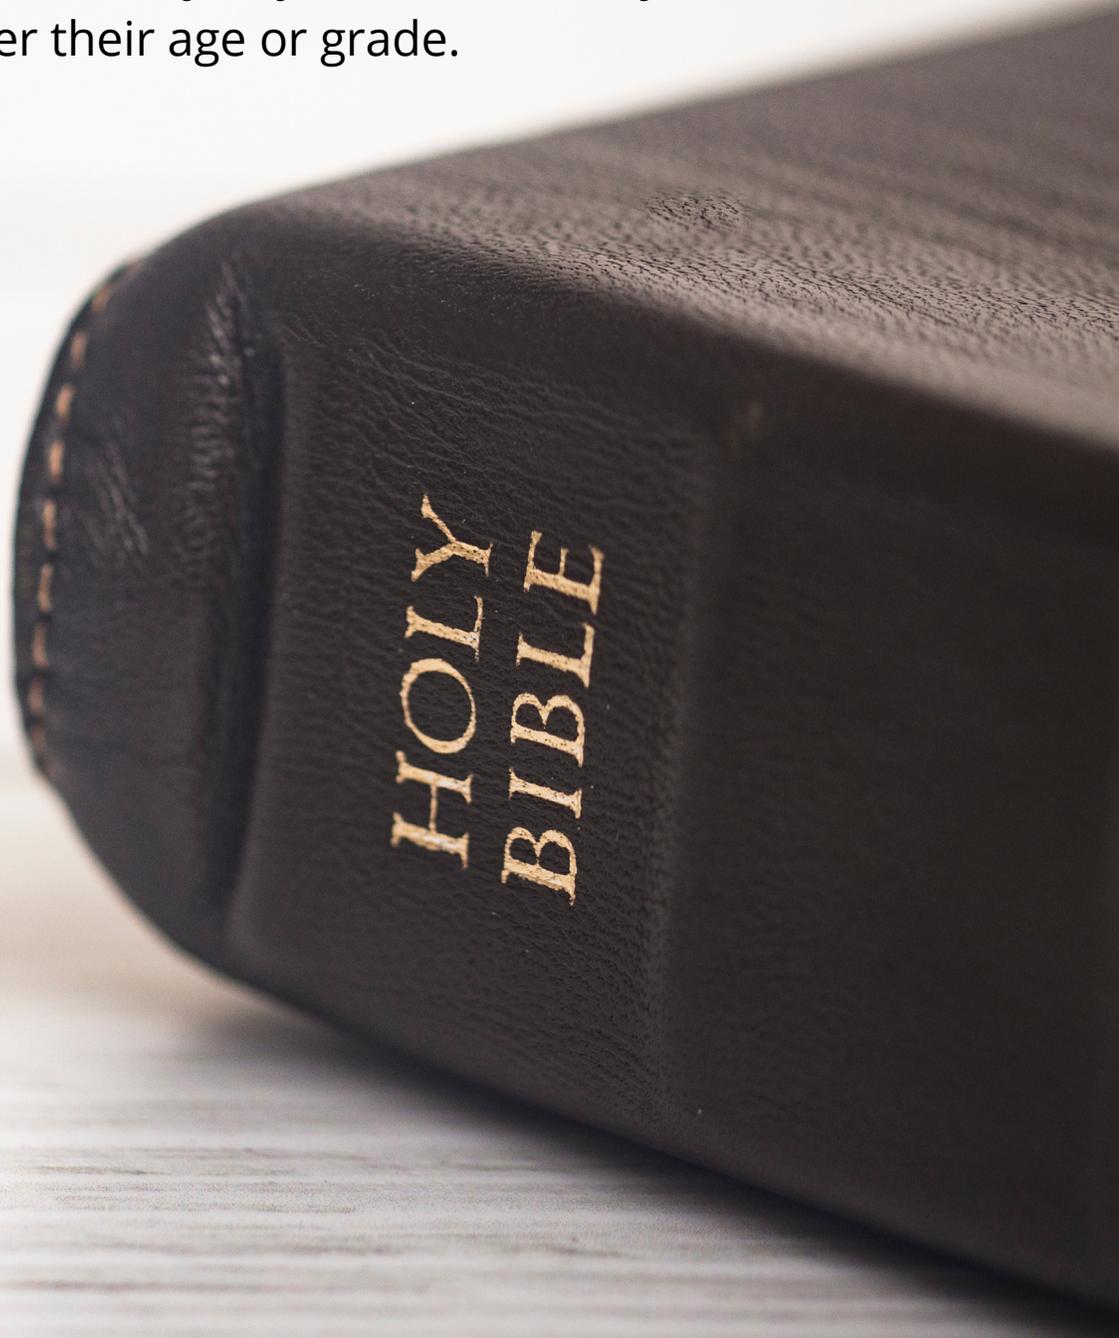

*"Hear, O Israel, the statutes and judgments which I speak in your ears this day, that ye may learn them, and keep, and do them."
Deuteronomy 5:1*

Bible

Bible is REALLY the foundation! In fact, it's probably a major reason you decided to join HomeschoolingTorah!

We highly recommend that you start each school day with Bible Time. This is a subject you can do with your entire family, no matter their age or grade.

Bible Courses:

Torah

Foundations of Torah is a full-year plan to studying the Torah, including 54 weeks of traditional Torah-portion readings, as well as additional readings for the biblical feast days. We will study verse-by-verse through Genesis, Exodus, Leviticus, Numbers, and Deuteronomy. 54 Weeks, Grades K-12

Nakh

Nakh Foundations is a one-year plan to studying the Tanakh (Old Testament), specifically the Prophets and Writings. We will begin at the book of Joshua and continue through a survey of the Old Testament. 54 Weeks, Grades K-12

Apostolic Scriptures

Foundations of Apostolic Scriptures is a full-year plan to studying the New Testament, including 52 weeks of traditional Torah-portion readings. We will study verse-by-verse through the entire New Testament. 54 Weeks, Grades K-12

Foundations

Foundations 1: Preparation for Christ will study an overview of major Old Testament stories, preparing your children for the coming of Messiah by presenting them with a clear picture of God's nature and character, as well as the nature and character of sinful mankind. They will learn about the necessity of the Torah and about God's plan to provide a Savior from sin. They will have a clear understanding of their place in God's plan. 36 Weeks, Grades K-12

E'reisheet - Discussion & Activities

Day 1 - Genesis 1:1-2:3

- According to Genesis 1:3, how did YHWH create the world? According to Genesis 1:3, YHWH created the world by His Word "And God said." Look up John 1:1-3, 9:30 and Hebrews 11:3. How did God create the world? In John 1:1-3, we learn that God created the world by the Word. In John 1:9-10, we learn that "Light" made the world. This Light is Yeshua, according to John 1:14. In Hebrews 11:3, we learn that the world was "framed," or created, by the word of God.
- Discuss some ways that we are made in the image of God. (See Genesis 1:27.) To be made in the image of God means that we can make things like He can (although we can't create out of nothing or with His power and might). We are "creative" like He is! You may also wish to read Genesis 5:2, Psalm 81-9, and 1 Corinthians 11:7. We are made as "male and female" (Genesis 5:2) and able to reproduce children, and we have dominion over His creation (Psalm 8). Genesis 1:27 and 1 Corinthians 11:7 both seem to say that man was made in God's image but that the woman was made in the image of man, just as children are made in the image of their parents. We look just like them!
- Using a Strong's concordance, look up the words "winded" and "rested" in Genesis 2:2. What do these words mean in Hebrew? Why did God cease from His labor? (Note: We will frequently use a Strong's concordance in this curriculum. You may wish to use <http://blueletterbible.org> online.)
winded - Strong's H2332, shakal to accomplish, to end, to complete.
rested - Strong's H7673, shakal to cease, to repose (rest).
- Sing the fun Creation song at the end of this week's lesson.

Day 2 - Genesis 2:4-3:24

- Look up the Hebrew meaning of the name "Adam." (See Genesis 2:19-20.) Adam - Strong's H120, adam: earthly (red), from the ground.
- Look up the Hebrew meaning of the name "Eve." (See Genesis 3:20.) Eve - Strong's H2532, haway: life-gives.
- According to Genesis 1:26-30 and Genesis 2:15, what was man's job? According to Genesis 1:28, God told man to be fruitful and multiply (have children) and to fill the earth. Man was also to subdue the earth and have dominion over the fish, the birds, and every living thing. According to Genesis 2:15, man was put into the garden to dress it (work in it to make it beautiful) and keep (guard) it.
- One way the serpent tempted Eve was to cause her to doubt what God really said. (See Genesis 3:1.) Look up three kinds of temptation listed in 1 John 2:16. 1 John 2:16 lists these three temptations: (1) the lust of the flesh, (2) the lust of the eyes, and (3) the pride of life. How did Yeshua defeat temptation in Matthew 4:4, 7, and 10? Yeshua defeated temptation by quoting Scripture ("it is written"). You might also wish to read Ephesians 6:10-18. Ephesians 6:10-18 tells us to get on the whole armor of God, and one of those pieces is the "armor of the Spirit, which is the word of God" (verse 17).

© Heshder (Genesis 1:1-6:8) | 25

B'reisheet | בְּרֵאשִׁית | "In the Beginning"

Genesis 1:1 - 6:8

Copy the Hebrew letters:

בְּרֵאשִׁית

Daily Readings:

- Genesis 1:1 - 2:3
- Genesis 2:4 - 3:24
- Genesis 4
- Genesis 5:1 - 6:8
- Isaiah 42:5 - 43:10

I am thankful for:

I am praying for:

© Heshder (Genesis 1:1 - 6:8) | 13

By faith, we understand that the universe has been framed by the word of God, so that what is seen has not been made out of things which are visible.
Hebrews 11:3

Copy the verse:

What did you learn?

This Week's Memory Verse:
Hebrews 11:3 (WEB) - "By faith, we understand that the universe has been framed by the word of God, so that what is seen has not been made out of things which are visible."

What verse should I commit?

What example should I follow?

What promises are given?

What commands did I hear?

How does this passage point to the Messiah?

What do I need most to apply to my life today?

See a 3-week sample of each of our courses at homeschoolingtorah.com/samples.

B'REISHEET (GENESIS)

Bible - Torah

0%

We will spend 12 weeks studying the book of Genesis, which is called *B'reisheet* in Hebrew.

1. B'reisheet (Genesis 1:1-6:8)
2. Noach (Genesis 6:9-11:32)
3. Lech Lecha (Genesis 12:1-17:27)
4. Vayera (Genesis 18:1-22:24)
5. Chayei Sarah (Genesis 23:1-25:18)
6. Toldot (Genesis 25:19-28:9)
7. Vayetzei (Genesis 28:10-32:3)
8. Vayishlach (Genesis 32:4-36:43)
9. Vayeshev (Genesis 37-40)
10. Miketz (Genesis 41:1-44:17)
11. Vayigash (Genesis 44:18-47:27)
12. Vayechi (Genesis 47:28-50:26)

Before getting started, download the lessons below. Print them and place them into your binders.

The Parent/Teacher curriculum below is the heart of the curriculum. The journals are optional.

LESSONS IN THIS COURSE:

- TORAH - INTRODUCTION
- TORAH - VERSES FOR YOUR WALL
- B'REISHEET (GENESIS)**
- SHEMOT (EXODUS)
- VAYIKRA (LEVITICUS)
- BAMIDBAR (NUMBERS)
- DEVARIM (DEUTERONOMY)
- BIBLICAL FEASTS

Preschool

Our gentle preschool lessons suggest activities you can do together — as well as activities your child can do while you work with any older children.

Our lesson plans are based on 5 activities we recommend for preschoolers each day. We believe in short, easy lessons.

- Learning Time – We'll give you short and pleasurable ideas for basic life skills that all preschoolers should learn, from Scripture memory work, ABCs, 123s, telling time, manners, and more.
- Creative Time – We'll recommend fun table-time activities your preschoolers can work on by themselves, with you or an older sibling in the room.
- Building Time – We'll suggest hands-on playtime activities that will help your preschoolers develop self-control, imagination, and attention-building skills.
- Outside Time – We'll recommend ways to encourage your preschoolers to play outside, weather permitting, or at least to get up and moving inside.
- Rest Time – We'll give gentle ideas for ways your youngest children can rest, relax, and get away from the overstimulation that often occurs in a busy, homeschooling household.

History

History is one of our favorite subjects. The Bible makes it come alive!

This is a subject you can do with your entire family together, but we especially recommend it from 4th grade up.

World History Courses:

Ancient History

From Ancient Times: Creation to Assyria (Year 1) is a study of ancient history, beginning with Creation and continuing with the Flood, the Tower of Babel, Sumer, Abraham and the nation of Israel, Egypt, Canaanite nations, Assyria, and the judgments on both the northern and southern kingdoms of Israel and Judah. 36 Weeks, Grades K-12

Babylon, Persia, Greece, and Rome

Daniel's Statue: Babylon, Persia, Greece, and Rome (Year 2) is a study of the civilizations seen by the prophet Daniel in Daniel 2, beginning with Babylon (the head of gold), then Persia (the chest and arms of silver), Greece (the belly and thighs of bronze), and Rome (the legs of iron). Because these four kingdoms form the foundation for all civilizations worldwide, an understanding of their history and worldview will prepare your students to understand all other nations and their history. This curriculum concludes in 70 AD, at the fall of Jerusalem to the Roman empire. 36 Weeks, Grades K-12

Middle Ages

Seals and Trumpets: The Middle Ages (Year 3) is a study of the middle ages, beginning in the first century AD and continuing until just before the invention of the printing press in the 1500s. Students will learn about the expansion of Christianity (with its pros and cons) throughout the Western and Eastern Roman Empires, as well as the "Barbarian" nations surrounding Rome and the growth of Islam. Because we emphasize the history of the middle ages as given in the Scriptures, we do emphasize Western Civilization, with discussion of how the West influenced and was influenced by the rest of the world. 36 Weeks, Grades K-12

Reformation to Modern Times

The End of Days: Reformation to Modern Times (Year 4) will cover the middle ages and the Reformation (about A.D. 1500), up to the present, including an overview of modern Israeli history. This category is currently in development but is available for use now. 36 Weeks, Grades K-12

Other History Courses:

American History

FA Place Prepared by God: Foundations of American History is a study of American history, beginning with the civilizations who lived in North America before the United States was founded, and continuing up until the year 2000. Special emphasis is given to the providence and protection of God upon the believers in the Messiah and those who keep His commands. 36 Weeks, Grades K-12

Government and Economics

Government and Economics is intended for high-school students to complete a civics requirement for graduation, and for any adult who wishes to repair a civics deficiency in their own education. Upon completion of this course the student will have a greater depth of understanding of American government and history than most college graduates. 36 Weeks, Grades 9-12

Geography

Geography is a full-year introduction to world geography. Weekly lesson plans will introduce your children to the seven continents, to maps and topography, and to cultures and people groups worldwide. Students will be encouraged to correspond (as pen pals, etc.) with children from other parts of the world. Prayer for the evangelism of the world will be emphasized. 36 Weeks, Grades K-12

Samples of Ancient History

A Place Prepared by God

WEEK 1—NATIVES AND NORTHMEN

This week we will learn about the very first people who lived on the North American continent.

PREPARATION

Books Needed This Week:

- ☐ Bible
- ☐ *The Story of the Thirteen Colonies*
- ☐ *MapTrek*

Optional Books:

- ☐ *The Vikings*, by Elizabeth Jasevsky
- ☐ *Indians*, by Edwin Tunis
- ☐ *North American Indian (DK Eyewitness Books)*, by David S. Murodch

HIGH SCHOOL SUPPLEMENT

- ☐ Read about Native American religious beliefs.
- ☐ Read about ancient Hebrew explorers in America.

Internet Link
homeschoolingtorah.com/american-link

Day 1 (1)

Hear:

- ☐ Read and discuss *The Story of the Thirteen Colonies*, chapters I-II.
- ☐ Our textbook was first published in 1898, and you will be able to see the way that the author views the Native Americans, called "Indians" in our book. Be sure to read the publisher's preface on pp. 3-6.
 - The author mentions that the New World "is really older than Europe" (p. 17).
 - Read the publisher's preface about this on pp. 3-6.
 - The author states that "some men now think they may once have belonged to the same family." Read the publisher's preface about this on p. 6.
 - What were some of the methods of gardening used by the native people? See publisher's preface about this on pp. 3-4.
 - How were family names chosen (p. 20)? Do you know how your own family name came about?

Learn:

- ☐ Using *MapTrek*, p. 123 (e-book, p. 35), copy the map of North America. If possible, use colored pencils and label rivers, mountain ranges, bays, etc.
- ☐ We are going to memorize Acts 17:26-27 this week. Begin by reciting it together 3 times each day.
- ☐ "And hath made of one blood all nations of men for to dwell on all the face of the earth, and hath determined the times before appointed, and the bounds of their habitation, that they should seek YHWH, if haply they might feel after him, and find him, though he be not far from every one of us."

Keep:

- ☐ Recite Acts 17:26-27.

Day 2 (2)

Hear:

- ☐ Read and discuss *The Story of the Thirteen Colonies*, chapters III-IV.
- ☐ The author mentions that the Indians were "simple" for believing in evil spirits (p. 21). Can you name any other people groups with similar beliefs? How were the Indian beliefs similar to those from Babylon? (Romans 1:18-23)? Do you agree with the author, that these beliefs make a people "simple"?
 - Learn the creation story of the Navajo people.
 - Learn the creation story of the Iroquois people.
- ☐ What was the purpose of the mounds (p. 23)?
- ☐ What does the word *Viking* mean (p. 23)?
- ☐ How did Iceland and Greenland get their names (p. 25)?

Learn:

- ☐ Using *MapTrek*, p. 127 (e-book, p. 39), copy the map of Native American Tribal Groups.

Keep:

- ☐ Recite Acts 17:26-27.

Day 3 (3)

Hear:

- ☐ Read and discuss *The Story of the Thirteen Colonies*, chapters V-VI.
- ☐ Why did the Vikings call the New World "Vinland" (p. 26)?

Learn:

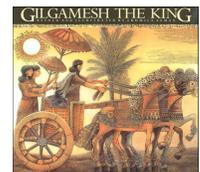

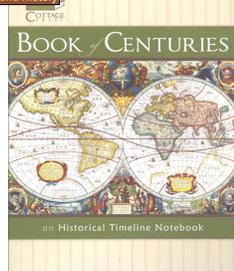

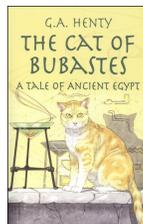

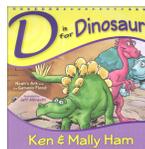

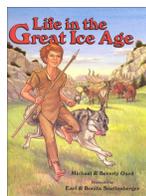

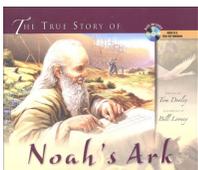

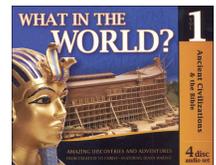

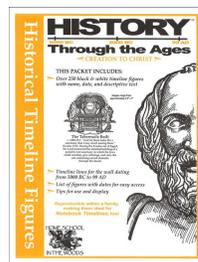

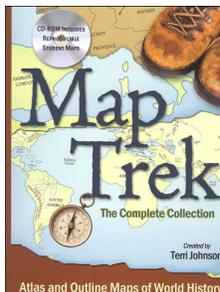

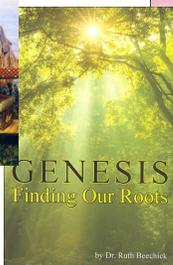

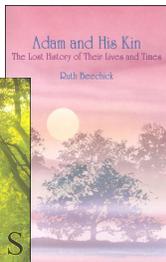

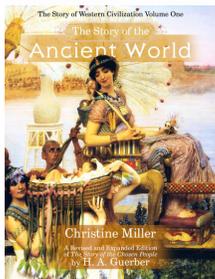

- ☐ Timeline - Add Leif Erikson (AD 1000).
- ☐ Make a map for your notebook, similar to the ancient map from the fifteenth century that you can see on the next page.

Keep:

- ☐ Recite Acts 17:26-27.

Learn more about the false worship that originated in Babylon and permeated the entire world, in *From Ancient Times: Creation to Assyria (Year 1)* homeschoolingtorah.com

Week 1 • 25

See a 3-week sample of each of our courses at homeschoolingtorah.com/samples.

Note:
Extra book purchases are required for all history courses.

 - How did Iceland and Greenland get their names (p. 25)?

Learn:

- Using MapTrek, p. 127 (e-book, p. 39), copy the map of Native American Tribal Groups.

Keep:

- Recite Acts 17:26-27.

Day 3 (3)

- Hear:**
- Read and discuss *The Story of the Thirteen Colonies*, chapters V-VI.
 - Why did the Vikings call the New World "Vinland" (p. 26)?
- Learn:**
- Timeline – Add Leif Erikson (AD 1000).
 - Make a map for your notebook, similar to the ancient map from the fifteenth century that you can see on the next page.
- Keep:**
- Recite Acts 17:26-27.

Learn more about the film workshop that originated in Babylon and permeated the entire world, in *From Babylon: Creation to Apocalypse* (Year 1) by Foundations Press.

26 • Week 1

A Place Prepared by God

Cliff dwellings of pined or polished adobe (sh) at Cuicuta Caves in Mexico. (Gangp Source)

Day 5 (5)

Keep:

- Recite Acts 17:26-27.

Do:

- Notebooking – Vikings. Using resources from your local library or from the Internet, learn how the Vikings lived. How was their culture similar to the Native Americans, and how was it different? Make a page for your notebook that explains what you have learned.
 - Take a look at Viking long houses online.
 - Make a Viking longhouse lapbook.

Week 1 • 28

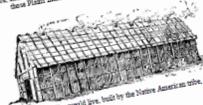

Foundations of American History

Day 4 (4)

- Keep:**
- Recite Acts 17:26-27.
 - Using your best handwriting, copy Acts 17:26-27 into your notebook.
- Do:**
- Project – Native American Dwellings. Using resources from your local library or from the Internet, learn about various home styles used by Indians across North America. You may wish to choose from wigwags, teepees, long houses, adobe houses, cliff dwellings, or any other that you find. Using materials you have on hand (small boxes, modeling clay, fabric pieces, sticks, etc.), make a model of one of these dwellings.

A tipi (also teepee, waipe) is a conical tent traditionally made of animal skins or buckskin and supported by the Native Americans of the Great Plains. Tipis are inseparably associated with Native Americans in general, but Native Americans have placed other than the Great Plains used different types of dwellings. The term wigwag is sometimes incorrectly used to refer to a dwelling of this type. The tipi was durable, provided warmth and shelter in winter, was fire resistant, and could be dismantled quickly when the tribe moved to a new site. The portability was important to nomadic Plains Indians who had a nomadic lifestyle. (Gangp Source)

A "long house" where up to fifty families would live, built by the Native American tribe, the Iroquois. (Gangp Source)

Science

Science is an amazing way to see what our Creator has done! This is a subject you can do with your entire family together.

- Have students in Grades K-3? Use Science for Littles.
- Have students in Grades 4-12? Use Science for Grades 4-12.

You can use them both at the same time, because the lessons match each other.

Science Courses:

Science for Grades 4-12 (Year 1)

Science in Creation – This year covers the Genesis 1 account of creation, laying a foundation for all other science study. Topics include light, energy, matter, water and atmosphere, land and plants, lights in the heaven, birds and sea life, land animals, and mankind. Lessons are designed to be done together as a whole family, with additional independent reading and research assignments for high-school students. Lessons match Science for Littles (K-3), so that the entire family can learn together. 36 Weeks, Grades 4-12

Science for Littles

Lesson plans include a simple, once-a-week science discussion topic (with learning ideas) for parents of young children. Lessons match Science for Grades 4-12, so that the entire family can learn together. 36 Weeks, Grades K-3

Year 2

Science in the Flood – This year covers the account of the global flood of Genesis (Genesis 2-11), examining the changes made to our earth and to the way we understand science. Topics include biology (cellular biology, genetics, microbiology, botany, zoology), chemistry (chemical composition and reactions, stoichiometry, gases, thermodynamics), and physics (magnetism, motion and wave theory).

Year 3

Science in the Torah – This year covers scientific topics addressed in the Torah, the Tenakh, and the Apostolic Scriptures. Topics include biology (cellular biology, taxonomy, human anatomy and physiology), chemistry (atomic theory, kinetics), and physics (classical mechanics, work and energy, electricity, optics, nuclear physics).

Year 4

Science in the Torah – This year covers scientific topics addressed in the Torah, the Tenakh, and the Apostolic Scriptures. Topics include biology (cellular biology, taxonomy, human anatomy and physiology), chemistry (atomic theory, kinetics), and physics (classical mechanics, work and energy, electricity, optics, nuclear physics). The scientific method and historical applications of Scripture are emphasized.

Samples of Science Year 1

FOUNDATIONS OF SCIENCE
WEEK 1—THE SCIENTIFIC METHOD

Day 1

Learn:
 Before starting this week of science, each student should look up each word in a dictionary or online. Write out a short definition for each. Place these vocabulary words and definitions into a notebook.

- Observation
- Hypothesis
- Experiment
- Prediction
- Theory
- Assumption
- Causality

Read:
 Discuss the following together:
 Note: How will you discuss the answers to these questions? One way is to sit by a computer and look things up together as you discuss. Before doing so, look up and discuss Proverbs 18:17.

- All scientific investigation starts with curiosity. What do you think this means? Have you ever been curious about something YHWH made?
- The process of investigation is called the "scientific method." What does each word mean?
 - Observing (gathering facts)
 - Hypothesizing (suggesting explanations)
 - Experimenting (testing explanations)
- What would happen if a scientist could not observe something? How can he prove that what he is observing is true? Look up Deuteronomy 19:15.
- What is an experiment? The ability to be accurately tested is a sign of a good prediction. What does this mean?
- What is cause and effect? What is a theory? What is a theory that has successfully been tested repeatedly?
- As a family, make a chart illustrating the scientific method, which you can hang on your wall.

Foundations of Science - Year 1
 Week 1
 Page 1
 Copyright © 2011 • Foundations Press

Day 2

Read:

- Watch the 5-minute video about Newton's First Law of Motion.
- Why did these three scientists become curious?
- How did they use the Observational step of the scientific method?
- How did they use the Hypothesis step?
- How did they use the Experimentation step?
- How can you use cause and effect in this illustration? Are there any causes or effects that you might not be thinking of?
- Why do you think this is called a Law of motion, and not just a theory?

Day 3

Read:
 Discuss the following together:

- Look it up!
 - What does it mean to be accurate?
 - What does it mean to be precise?
 - Add these two words to your vocabulary for the week.
- We call mathematics the "language of science." Why do you think this is?
 - What is an equation?
 - What is a unit and zero?
 - What is a measurement? Can you name some things that can be measured? (Length, volume, mass, time, temperature, depth, or weight)
 - What are significant figures?
 - What is scientific notation?
 - What is the metric system?

Day 4

Do:

- You've probably noticed that your tongue can taste many different flavors. (Can you name some?) Do you think you know why?
- Suggest a hypothesis as to why your tongue can taste different flavors. Write your hypothesis down in a complete sentence.
- Before doing the following experiment, predict what you think will happen. Write your prediction down in a complete sentence.
- Experiment: <http://www.science.com/press/releases/science-center-activities-home-science-experiments-tongue-map>
- Analyze your results. Was your hypothesis correct? Did your prediction come true? Were the results repeatable? Why or why not?
- Look at the topic again by visiting this website: <http://pbskids.org/zoom/activities/us/tonguemap.html>
- Could you design a better experiment? What would make it better?
- You may wish to download a Science Experiment Record Form from our website.

Foundations of Science - Year 1
 Week 1
 Page 2

Day 5

Do:

- Notebooking - Make a page for your notebook. Be sure to include a paragraph that tells what you learned this week.
- Research - Have you become more curious about something in YHWH's creation this week? Start a page in your notebook where you can list things you're curious about. Be sure to write things down quickly before you forget them! Choose one topic to look up online or in a book today. Tell your parents what you learned about that topic.
- High School - Check out a library book on the life of Sir Isaac Newton or Galileo Galilei. Try to have it read within a week. Make a list of 3-5 classroom questions in their lives that helped them become excellent scientists. Plan to share the list with your family next week.

FOUNDATIONS OF SCIENCE
WEEK 1—THE SCIENTIFIC METHOD

Day 1

Learn:
 Look up each word in a dictionary or online. Write out a short definition for each. Try to keep each definition to fewer than 10 words.

We recommend Webster's 11th American Dictionary of the English Language.
<http://webster.dictionaries.net>
 When words are not available in Webster's dictionary, try <http://www.dictionary.com>

Observation _____

Hypothesis _____

Experiment _____

Prediction _____

Theory _____

Assumption _____

Causality _____

Read:
 Copy Proverbs 18:17 from your Bible.

Foundations of Science - Year 1
 Teacher Handbook
 Week 1 - Page 1
 Copyright © 2011 • Foundations Press

Day 4

Do:
 You've probably noticed that your tongue can taste many different flavors. (Can you name some? Name pictures to illustrate them.) Do you think you know why?

Suggest a hypothesis as to why your tongue can taste different flavors. Write your hypothesis down in a complete sentence.

Before doing the following experiment, predict what you think will happen. Write your prediction down in a complete sentence.

- Experiment: <http://www.science.com/press/releases/science-center-activities-home-science-experiments-tongue-map>

Analyze your results. Was your hypothesis correct? Did your prediction come true? Were the results repeatable? Why or why not?

- Look at the topic again by visiting this website: <http://pbskids.org/zoom/activities/us/tonguemap.html>

Could you design a better experiment? What would make it better?

Foundations of Science - Year 1
 Student Handbook
 Week 1 - Page 4

Science for Littles - Year 1
Science in Creation

Week 1 - Discussion

Topic: "The Scientific Method"

When YHWH created the first man and woman, He gave them the ability to observe the world He had made. They weren't there when He created it, but they could observe many things about it by:

- Looking at it
- Touching it
- Tasting it
- Smelling it
- Hearing it

Visit the online "family links" and choose just a few activities to learn more about the ways we can use our five senses to observe the world YHWH made.

Here is a verse for this week:
 "My eyes have seen your salvation" (Luke 23:30, WRS).

Science for Littles - Year 1
 Teacher/Student Discussions
 1

WEEK 1—THE SCIENTIFIC METHOD
 Draw the 5 senses YHWH gave us to observe His creation.

Copy Luke 2:30.
 "My eyes have seen your salvation."

Week 1 - Page 1

Language Arts

Language Arts is where your children learn to read and write -- the "art" of language. This subject includes copywork (handwriting), phonics, reading, spelling, vocabulary, grammar, writing, and literature. We integrate Scripture throughout!

Samples of Word Power (Kindergarten/First Grade)

10
Day 3

Jj

Trace with your finger.

TO THE TEACHER:

- Look at the flashcards for the letter J.
- Review all the flashcards learned so far.
- Teach your child how to correctly write the letter J (uppercase and lowercase).

PLAY A GAME:

- Try to juggle some small balls. (It is okay to just toss one ball up and try to catch it.)
- Place jelly beans in a jar. Can your child guess how many are in the jar? (Note: Jelly Belly® jelly beans are certified kosher.)
- Guess the jungle animal. Imitate the sound of a jungle animal, and see if your child can guess what you are.
- Find different size jars and lids. Mix them up, and let your child try to find what jar goes with which lid.
- Enjoy this song together (to the tune of "Farmer in the Ditch"):
Jolly in a bowl,
On jelly in a bowl,
Wobble, wobble, wobble, wobble—
Jolly in a bowl.
(Continue to sing, "Jolly on my cheek, in my bunny, on my head, on my hands, on my arms," etc.)

10
Day 2

Jj

Trace with your finger.

TO THE TEACHER:

- Take a walk around your home, looking for things that start with a /j/ sound.
- Look at the flashcards for the letter J.
- Teach your child how to correctly write the letter J (uppercase and lowercase).

Word Power K

Trace the words and write 4 more. Say /j/ while you write each letter. Can you close your eyes write the last one?

8b

Trace the words and write 4 more. Say /j/ while you write each letter. Can you close your eyes write the last one?

80 Foundations Press

To the Teacher:
Read the words, across and down.
Read the sentence.

let rag gas tag
get sag gag leg
nag can cab cat
bet tab set fan
Ten men let the cat run.

Word Power 1 57

Word Power K

Trace the words and write 4 more. Say /j/ while you write each letter. Can you close your eyes write the last one?

Day 1

e in egg

TO THE TEACHER:

- Trace each small letter 'e' that starts with 'e' in egg. 'e' is a vowel.
- Can you think of any other words that start with 'e' (elephant, envelope, elevator, engine, escape, etc.)?
- Fun Activity: Make up a silly story about an elephant who got an egg. Teacher continues up a sentence or continues to read from the one you give. Other fun: Have your child cut out words with the letter 'e' and glue them to the egg. Other: Prepare for each with the proper sound. If the child cannot repeat correctly, have him trace the letter with his finger on the card, while you make the sound and say 'e' over and over for the student.
- Make the sound 'e' with your hand or feet. Your hand should be open for each 'e' to 'make' it and 'e' it.
- Use the syllable ring.

Trace with your finger.

TO THE TEACHER:

- Trace the letter and write 5 more. Say the sound while you write each letter. Can you write the last one with your eyes closed?

Trace the letter and write 5 more. Say the sound while you write each letter. Can you write the last one with your eyes closed?

Trace the letter and write 5 more. Say the sound while you write each letter. Can you write the last one with your eyes closed?

Trace the letter and write 5 more. Say the sound while you write each letter. Can you write the last one with your eyes closed?

Word Power 1 58 Foundations Press

10

TO THE TEACHER:

- Trace each small letter 'e' that starts with 'e' in egg. 'e' is a vowel.
- Can you think of any other words that start with 'e' (elephant, envelope, elevator, engine, escape, etc.)?
- Fun Activity: Make up a silly story about an elephant who got an egg. Teacher continues up a sentence or continues to read from the one you give. Other: Prepare for each with the proper sound. If the child cannot repeat correctly, have him trace the letter with his finger on the card, while you make the sound and say 'e' over and over for the student.
- Make the sound 'e' with your hand or feet. Your hand should be open for each 'e' to 'make' it and 'e' it.
- Use the syllable ring.

Write the words your teacher says.

TO THE TEACHER:

- In Hebrew, there are 22 letters and 26 consonants to make a word. The vowel that says 'e' is 'he' (the right one instead of the one and one of a 'e'). The letter combination that says 'e' is 'he' (the right one instead of the one and one of a 'e').

Trace the Hebrew letters and make 3 more. Remember to say the sound as you write.

Word Power 1 59

Samples of Phonics (Second & Third Grade)

Learning to Read - Level 2, Unit 10
-ed as a suffix

Practice writing words with this week's sounds:

landed
granted
feasted
acted
melted

Level 2, Unit 10 - -ed as a suffix Page 1

Draw a line between the syllables.

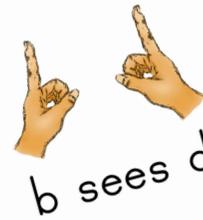

crusted
feasted
spelled
grabbed
roomed
checked
yanked
tricked
sailed
plotted

Practicing to Read - Week 1

Mon's Notes
Print the following pages:
Webster, pp. 35, 41-42

Student should also be able to write in cursive. If cursive is a new skill for him, download the 26-lesson "Shortcut to Cursive" to use before starting Level 2:
<http://www.schoolhouseconcert.com/resources/26-lesson-shortcut-to-cursive-level-2.html>

Dict 1
Reading Words
Using Webster, p. 41, Table 14, have student read across the rows of words in the following set.
Note: Does your student remember the rules learned from Webster, pp. 15-17, Tables 1-2? If not, review these pages first. See the video on "How to Use Webster's Spelling Book" at <http://www.schoolhouseconcert.com/phonics-2.html>.

After reading across, have the student read the same words going down each column.

Word	Row	Column
beast	1	1
beast	1	2
beast	1	3
beast	1	4
beast	1	5
beast	1	6
beast	1	7
beast	1	8

beast	1	21
beast	1	22
beast	1	23
beast	1	24
beast	1	25
beast	1	26

Spelling
Ask student to spell the following words with magnets.
a-ore, a-pri-er, bare-foot, beard-ly, brew-er

Procedure:
1. Look at the word together in Webster's Spelling Book.
2. Try to put the letter magnets on the board without looking. If unsure, it's okay to peek a peek.
3. Accuracy is more important than knowing how to spell. (Keep in mind that you are practicing reading skills, not spelling skills. However, your student will probably start seeing patterns that also help his spelling skills.)
4. Leave a space between syllables.
5. Compare the student's spelling to Webster's Spelling Book.

Foundations of Reading (Level 2)
Week 1 Page 1
Copyright © 2013 • Foundations Press

Ask student to spell the following words orally:
beau-ty, brok-en, tea-ture, fe-male, fro-ward

Procedure:
1. Look at the word together in Webster's Spelling Book.
2. Try to spell the word orally without looking, but if unsure, it's okay to peek a peek.
3. Note: Use the following method when spelling orally: Say the word, spell the word, say the word.
For example: "decide, d-e-c-i-d-e, decide"
4. Leave a space between syllables.
For example, the student should pause between syllables: d-e-cide | c-i-de | s-i-e
5. Compare the student's spelling to Webster's Spelling Book.

Dictation
From Webster, p. 39, Lesson 1, read one line at a time to your student. He should repeat the words back to you, then he will try to write (in cursive) the words from memory.
The goal is not total accuracy. Expect your student to make errors. However, try to help your student learn to listen attentively.

Reading Paragraphs
Psalms Reader, p. 1, Psalm 1 - Have student read it aloud to you.

Copying
Looking at the examples in his "Student Workbook," have the student copy the words from Set A in cursive onto the whiteboard.
Looking at the examples in his "Student Workbook," have the student copy the words from Set B in cursive. Space is provided in the workbook.

Practicing to Read - Week 1
Student Workbook

Dict 1
Set A - Copy the following words in cursive onto the whiteboard:
grateful previous pronoun
heinous hindmost river

Set B - Copy the following words in cursive below:
carnal pastry pious
people plumage parent

Dictation

Foundations of Reading (Level 2)
Week 1 - Student Workbook

PSALMS 19

1 The hea-ven's God's glori-ty do de-clare,
the skies his hand-works preach;
Day ut-ters speech to day, and night
to night doth know-ledge reach.

2 There is no speech nor tongue to which
their voice doth not ex-tend;
Their line is gone through all the earth,
their words to the world's end.

3 In them he set the sun a tent;
Who, like-groo-n-like, forth goes
From cham-ber, as a strong man doth
to run his race re-joice.

4 From hea-ven's end is his going forth,
And there is nothing that hee-ri-eth;
And there is nothing from his heat
that his-ten doth re-main.

5 God's law is per-fect, and con-verts
the soul in sin that lies;
And makes the simple wise.

6 The sta-tutes of the Lord are right,
and do re-joice the heart;
The Lord's com-mand is pure, and doth
light to the eyes impart.

7 Un-spotted is the fear of God,
and doth un-dure for ever;
The judg-ment of the Lord are true
and right-eous al-to-gether.

8 They more than gold, yea, much fine gold,
than honey, honey from the comb
that drop-eth, sweet-er far.

9

Samples of Copywork

Copywork 1 - Week 1

Day 5

Follow along as your teacher reads this verse.

Trace the words.

In the beginning,
God created
the heavens and
the earth.

Follow along again as your teacher reads this verse.

Copywork 3 - Week 1

Day 1

The scribes of Israel were always very careful to copy Scripture accurately. However, think about the fact that these men were once little boys, learning to copy the letters of the aleph bet with neatness and care. This week, let's focus on good habits as we copy Scripture.

Carefully read Psalm 1:1 aloud, then trace the words.

Blessed is the man who
does not walk in the
counsel of the wicked,
nor stand on the path
of sinners,
nor sit in the seat of
scorners;

Copywork 6 - Week 1

Day 1

Exodus 3

- 1 Now Moses was keeping the flock of Jethro, his father-in-law, the priest of Midian, and he led the flock to the back of the wilderness, and came to God's mountain, to Horeb.
 - 2 The angel of the Lord appeared to him in a flame of fire out of the middle of a bush. He looked, and behold, the bush burned with fire, and the bush was not consumed.
 - 3 Moses said, "I will turn aside now, and see this great sight, why the bush is not burnt."
 - 4 When the Lord saw that he turned aside to see, God called to him out of the middle of the bush, and said, "Moses! Moses!" He said, "Here I am."
 - 5 He said, "Don't come close. Take your sandals off of your feet, for the place you are standing on is holy ground."
 - 6 Moreover he said, "I am the God of your father, the God of Abraham, the God of Isaac, and the God of Jacob."
- Moses hid his face, for he was afraid to look at God.
- Proverbs 14
- 11 The house of the wicked will be overthrown, but the tent of the upright will flourish.

Copywork 9 - Week 1

Introduction

Habits form quickly, so we want to establish good habits from the beginning. Once a writing habit is formed, it is very difficult to unlearn. ☹️

Here are some habits to emphasize:

1. Have good posture.
2. Copy the verses into two composition books: one for the Torah and the other for the Apostolic Scriptures (New Testament).
3. We recommend using a pen. Use correction tape if a mistake is made.
4. Read the words aloud while writing them.

The scribes of Israel were always very careful to copy Scripture accurately. However, think about the fact that these men were once young men, learning to copy the letters of the aleph bet with neatness and care. This week, let's focus on good habits as we copy Scripture.

Carefully read the verses aloud, then copy into your composition notebook.

Note

Level 9 begins the copying of the Torah and the Apostolic Scriptures, from the student's own Bible. Be sure to choose a translation that you would like to stay with throughout high school.

You may also wish to mark the Hebrew paragraph divisions in your Bible as you copy the Torah, as well as the key verses in each paragraph. We recommend bookmarking the following websites to help you:

- <http://www.aleksandrproject.com/torah-hebrew-book/index/>
- <http://www.mechon-mamre.org/1/et/et03.htm>
- <http://www.homeschoolmagab.com/journal-1017-homeschool-family-conferences/>

Day 1

- ☐ Matthew 1:19-25

Day 4

- ☐ Genesis 1:25 - 2:1
- ☐ Matthew 2:1-10

Day 5

- ☐ Genesis 2:2-9
- ☐ Matthew 2:11-20

Samples of Grammar

Lesson 1

Mom, all the words in bold below should be read aloud to your students. Notes for your eyes only are written in this lighter font.

Definition: A preposition is a word that gives meaning to a sentence by showing how all the words relate to each other.

At the beginning of our study of grammar, we aren't going to explain too much about prepositions. Rather, we're going to memorize the list of prepositions and practice finding them in sentences. Later in our study, we will find out what purpose these words serve in sentences.

To help you find prepositions, we're going to memorize a list of 60 common prepositions. Don't worry! It's not impossible! Look at the list in Lesson 1, and sing along as we learn these prepositions to the tune of "Yankie Doodle."

Mom, you may wish to show the Preposition Chart while everyone sings.

Preposition Song
(Sing to the tune of "Yankie Doodle!")

Aboard, about, above, across
Against, along, around
Amid, among, after, at
Except, for, during, down
Behind, below, beneath, beside
Between, before, beyond
By, in, from, off, on, over, of
Until, unto, upon

Under, underneath, since, up
Like, near, past, throughout, through
With, within, without, outside
Toward, inside, into, to

Now look at Lesson 1 of your student book with me.

Our definition of a preposition says that "a preposition is a word that gives meaning to a sentence by showing how all the words relate to each other."

Here is a simple sentence: "The bird can fly." This sentence tells us that a bird can fly, but that isn't very much information. It's not! Let's add some meaning to this sentence by adding prepositions.

Source: <http://www.dreamstime.com/PrepositionChartImage>
Title: <http://www.dreamstime.com/PrepositionChartImage>
You can sing along with us at <http://www.youtube.com/watch?v=K2X3Y2W94>

We could say, "The bird can fly above the cloud, around the cloud, beside the cloud, inside the cloud, through the cloud, under the cloud, etc."

Do you see how all these prepositions add meaning to the sentence?

In Exercise A, we're going to circle all the prepositions.

Let's look at verse 1. Circle all the prepositions.

Blessed is the man who does not walk in the counsel of the wicked or stand in the way of sinners or sit in the seat of mockers.

If these prepositions weren't there, this is how the verse would sound:

Blessed is the man who does not walk ... or stand ... or sit ...

Prepositions add a lot of meaning to a sentence, don't they?

Now continue circling all the prepositions in the rest of this Scripture passage.

But his delight is in the law of YHWH, and he has his law he meditates day and night.

He is like a tree planted by streams of water, which yields its fruit in season and whose leaf does not wither. Whatever he does prospers.

Not so the wicked: They are like chaff that the wind blows away.

Therefore the wicked will not stand in the judgment, nor sinners in the assembly of the righteous.

For YHWH watches the way of the righteous, but the way of the wicked will perish.

— Psalm 1:1-6, NIV

Mom, your student may circle words that are not prepositions, or he might miss some prepositions today. That's okay! Help him correct it, and then continue tomorrow. Over many days of review, he'll be able to find prepositions easily.

In conclusion, let's sing our "Preposition Song" one more time.

Over the next week, help your children memorize and be able to recite the list of common prepositions. You may want to hang the Preposition Chart on the wall where you can all see it often.

Source: <http://www.dreamstime.com/PrepositionChartImage>

You can sing along with us at <http://www.youtube.com/watch?v=K2X3Y2W94>

Lesson 1

Definition: A preposition is a word that gives meaning to a sentence by showing how all the words relate to each other.

Preposition Song
(Sing to the tune of "Yankie Doodle!")

Aboard, about, above, across
Against, along, around
Amid, among, after, at
Except, for, during, down

Behind, below, beneath, beside
Between, before, beyond
By, in, from, off, on, over, of
Until, unto, upon

Under, underneath, since, up
Like, near, past, throughout, through
With, within, without, outside
Toward, inside, into, to

EXERCISE A - Circle the prepositions in these verses.

- Blessed is the man who does not walk in the counsel of the wicked or stand in the way of sinners or sit in the seat of mockers.
- But his delight is in the law of YHWH, and on his law he meditates day and night.
- He is like a tree planted by streams of water, which yields its fruit in season and whose leaf does not wither. Whatever he does prospers.

Lesson 91

Mom, today starts the second half of this year of Grammar. Your student has now learned the majority of his grammar rules. We are going to spend the entire rest of the year practicing what we have learned so far and applying it to many different kinds of sentences.

Your student will begin building a "Grammar Handbook" that he can use as a reference tool throughout the rest of his entire life. We suggest using a bound composition book to build this handbook, and we suggest writing in pen so that it will last a lifetime.

At the end of the year, we will provide a Table of Contents for the front of the Handbook and an index for the back, so please ask your student to leave the first and last pages blank.

Composition books can be purchased very inexpensively at almost any store where school supplies are sold. We recommend one with 100 sheets of paper. We have these available online if you cannot find one locally: <http://www.amazon.com/Amazon.com/dp/B000001DM>

Today we have reached the halfway point of Grammar, and you are going to begin building your very own "Grammar Handbook." This book is something you'll want to take very good care of and keep with you on your shelf throughout your entire life, so that you can always look something up if you're unsure what to do.

When you open up your Handbook, keep the first page completely empty. At the end of the school year, I will give you a piece of paper to paste into that spot, and it will list all the topics of your Handbook.

You should also keep the very last full page of your Handbook empty. We will paste an alphabetical index there. You will be able to use these two pages to find things quickly in your Handbook.

The second half of this year is going to be filled with lots of review and ways to practice what you have already learned. You have learned almost everything already! For instance, you have already learned over 30 definitions, and you have fewer than 10 to learn. You have learned almost all parts of speech and sentence patterns, and you have diagrammed some very complex sentences.

As we continue to practice, you will learn how to use grammar properly in your speech and writing, so that you feel very confident as you try to communicate with those around you.

On the second page of your Handbook, you should make a page that looks like this chart:

Grammar

Analyze a sentence with these 5 steps:

- Identify all prepositions and prepositional phrases. (Mark with wavy lines.)
- Locally sentence patterns.
 - S V
 - S V P
 - S V PA
 - S V IO
 - S V IO DO
- Find modifiers (such as adjectives and adverbs).
- Find functions of subordinate clauses.
- Diagram the sentence.

(Mom, you might choose to print this chart and allow your student to trim it and paste it into his Handbook.)

Write page numbers here.

As you already know, these are the steps we take whenever we encounter a new sentence.

Now let's continue to set up your Handbook in Exercise A.

Note: The things to copy in Exercise A can be found on the Learning Aids for Week 5.

EXERCISE A - Continue to set up your Handbook by copying the following onto page three. (Use a pen, not a pencil.)

Preposition - A word that gives meaning to a sentence by showing how all the words relate to each other.

Common Prepositions
Aboard, about, above, across
Against, along, around
Amid, among, after, at
Except, for, during, down

Behind, below, beneath, beside
Between, before, beyond
By, in, from, off, on, over, of
Until, unto, upon

Under, underneath, since, up
Like, near, past, throughout, through
With, within, without, outside
Toward, inside, into, to

EXERCISE B

Sentences: Diagram the sentences (Step 5) on another sheet of paper.

- In the beginning God created the heaven and the earth. (Genesis 1:3)
- The fear of YHWH is the beginning of knowledge, but fools despise wisdom and instruction. (Proverbs 1:7)
- Thou hast forgiven the iniquity of thy people, and thou hast covered all their sin. (Psalm 65:2)

EXERCISE C - Continue to set up your Handbook by copying this sentence and diagram onto the bottom of page three. To give you an example of how to diagram prepositions.

In the beginning God created the heaven and the earth. (Gen. 1:3)

Preposition - a word that gives meaning to a sentence by showing how all the words relate to each other

Compound - more than one

Noun - a person, place, thing, or idea

Action Verb - a word that shows action

PREPOSITIONS

Aboard, about, above, across

Samples of Writing

Writing - Week 6

Teacher's Manual

Notes

We have included everything that your Student has in his Student Book, plus we've listed some things you can discuss with your Student during your daily "Meeting Time."

Day 1

Writers make writing look so easy – but you already know writing is not easy, is it? ☹

Writing is hard work, but once you learn some "secrets" that all good writers follow as they work through a piece of writing, maybe it will be a little less painful for you.

Even better, once you realize the system that all good writers follow, maybe you'll start to see that writing well isn't a talent you're just born with. Anyone can learn to write! Good writing is mostly a matter of careful planning and consistent work.

The process of writing is basically the same, no matter what kind of writing you're doing – from writing a letter to a senator, to writing a book, to writing a poem.

Steps of the Writing Process:

1. Plan
2. Write
3. Rewrite
4. Edit

The first step of the writing process is to plan what you want to say. Many times we want to just start talking, but then we quickly run out of things to say or we say them in a way that is confusing to our audience.

One reason writing is often difficult for kids is that you haven't lived as long as adults. You just don't have as much to write about! You haven't seen as much, thought about as much, experienced as much, or been taught as much as adults have.

In order to write well, you need to write out of an abundance of ideas. Sometimes your brain is like Old Mother Hubbard's cupboard.

*Old Mother Hubbard
Went to the cupboard,
To give the poor dog a bone;
When she came there,*

Foundations of Writing
Week 6

Page 1
Copyright © 2013 • Foundations Press

*The cupboard was bare,
And so the poor dog had none.*

If you don't have an abundance of ideas, you will have nothing to share with others. ☹

How do you get ideas?

- ✓ Write about things you love. What kinds of things do you wish you could tell others about? This is a good clue that you would have an easier time writing about this subject.
- ✓ Don't write too soon. You might think that you could write about something, but you need to give the idea time to grow within your mind. You also need time to write your ideas down on a list or in your journal.
- ✓ Begin to think about your topic as much as possible. Are there things you need to learn about? Should you read some books or do some research on the Internet? Should you talk to other people who know a lot about this subject?
- ✓ Begin to make a beginning outline about your topic. We'll talk more about how to do this in coming weeks.

Planning what you will say, before you start to write, is the most important step of writing!

Think about how much YHWH our Creator must have loved us, to think about us before the world was even created and to plan each detail of His creation with people like us in mind.

"He chose us in him before the foundation of the world..." (Ephesians 1:4, ESV).

Assignment:

This week we're going to write about a topic you think you know a lot about and really love to think about.

For today, answer the following questions in writing. You do not need to use complete sentences or write in paragraphs, unless you would like to.

1. What is a topic you know a lot about and love to think about?
2. How did you learn so much about this topic?
3. Why do you like it?
4. With whom do you like to talk about this topic?
5. When did you start liking this topic?
6. Where do you learn new things about this topic?

(Do you see the "Six Serving Men" in this assignment?)

Arithmetic

Arithmetic is a subject your children can do on their own, after a 30-minute lesson with Dad or Mom, where you'll do math drills with them and explain new topics. Then give each student his daily worksheet. Be available to help as needed, but your children can often do the majority of the work on their own.

We offer Arithmetic Lessons for grades K to 8, with answer keys and a community of support for parents.

Samples of 4th to 8th

Arithmetic Teacher Guide

Week 10
4th - 8th Grades

Day 1
Math-Drills Together
Count by 7's from 9 to 98.
Count by 8's from 6 to 96.
Count by 11's from 6 to 66.
Count by 12's from 6 to 66.
Get the **Teacher's Cheat Sheet** if desired.

Box 2.6: Multiply the number on the two dice (combined) times eight.

Add the sum below quickly on the whiteboard.

7,238
6,597
3,288
2,552

Add the following:

- Squares and 8: how many? 17 and 47 17 and 77 17 and 97 17 and 87 17 and 37 17 and 27 17 and 17
- Squares and 20: how many? 18 and 47 18 and 77 18 and 87 18 and 67 18 and 37 18 and 17 and 17
- Squares and 5: how many? 19 and 37 19 and 77 19 and 87 19 and 67 19 and 37 19 and 17 and 17
- How many are 20 and 27 48 and 27 68 and 27 88 and 27 79 and 27 99 and 27

Written Assignment

Section D - When a sum contains an improper fraction, change the improper fraction to a mixed number. Add the whole numbers in the sum together.

Example:

1. $\frac{1}{2} + \frac{3}{4} = \frac{2}{4} + \frac{3}{4} = \frac{5}{4}$
 2. $\frac{1}{2} + \frac{3}{4} = \frac{2}{4} + \frac{3}{4} = \frac{5}{4}$
 3. $\frac{1}{2} + \frac{3}{4} = \frac{2}{4} + \frac{3}{4} = \frac{5}{4}$
 4. $\frac{1}{2} + \frac{3}{4} = \frac{2}{4} + \frac{3}{4} = \frac{5}{4}$

Foundations of Arithmetic - 4th-8th Grades
Week 10

Page 1
Copyright © 2013 • Foundations Press

Day 2

Math-Drills Together

Play **Rhythm**. Mom uses a "clap, clap, clap, snap" rhythm. On the claps, mom calls out a multiplication fact (such as 4 x 6). The child responds with the answer on the snap (24). Try to go as far as possible without breaking up the rhythm. Concentrate on the following multiplication facts:

4 x 9 = 36 5 x 9 = 45 6 x 9 = 54 7 x 9 = 63 8 x 9 = 72 9 x 9 = 81
 4 x 12 = 48 5 x 12 = 60 6 x 12 = 72 7 x 12 = 84 8 x 12 = 96 9 x 12 = 108
 4 x 15 = 60 5 x 15 = 75 6 x 15 = 90 7 x 15 = 105 8 x 15 = 120 9 x 15 = 135
 4 x 18 = 72 5 x 18 = 90 6 x 18 = 108 7 x 18 = 126 8 x 18 = 144 9 x 18 = 162

Add the sum below quickly on the whiteboard. Solve it as quickly as possible!

4,897
5,678
7,890
8,456
9,123

Solve these division problems as quickly as possible. Child needs to include the remainder with his answer:

138 ÷ 3 = 46 156 ÷ 3 = 52 180 ÷ 3 = 60 270 ÷ 3 = 90
 258 ÷ 6 = 43 360 ÷ 6 = 60 480 ÷ 6 = 80 540 ÷ 6 = 90
 336 ÷ 8 = 42 480 ÷ 8 = 60 576 ÷ 8 = 72 720 ÷ 8 = 90

Play **Multiplication Snap**. Using any deck of cards, play "Snap" as usual, except instead of calling out "Snap," the first one to see the face based on the card turned over (in four and a five "20" gets the cards. For regular "Snap" directions, go to <http://www.dummies.com/how-to/content/how-to-play-snap.html>. This game is more effective if helping children learn their multiplication facts if it is played often.

Written Assignment
Section H - An equivalent fraction can be found by multiplying the numerator and the denominator by the same number.

$\frac{1}{2}$ is equivalent to $\frac{3}{6}$
 $\frac{1}{2} = \frac{1 \times 3}{2 \times 3} = \frac{3}{6}$
 $\frac{1}{2} = \frac{1 \times 9}{2 \times 9} = \frac{9}{18}$

To check equivalent fractions, cross multiply. To cross multiply means that the first numerator is multiplied by the second denominator, and the first denominator is multiplied by the second numerator. The two products should be equal.

Foundations of Arithmetic - 4th-8th Grades
Week 10

Page 2
Copyright © 2013 • Foundations Press

Day 3
Math-Drills Together

On a Hundreds Chart, print to numbers that are divisible by 18, 27, 36, 45, etc.) Have child divide by 9 and find the quotient. Repeat for numbers that are not divisible by 9. Child should include the remainder in the quotient (ex. 17/9 = 4 r 1).

On a Hundreds Chart, print to numbers that are divisible by 18, 27, 36, 45, etc.) Have child divide by 9 and find the quotient. Repeat for numbers that are not divisible by 9. Child should include the remainder in the quotient (ex. 17/9 = 4 r 1).

On a Hundreds Chart, print to numbers that are divisible by 18, 27, 36, 45, etc.) Have child divide by 9 and find the quotient. Repeat for numbers that are not divisible by 9. Child should include the remainder in the quotient (ex. 17/9 = 4 r 1).

Add the sum below quickly on the whiteboard. Solve it as quickly as possible!

4,789
5,678
6,567
7,456
8,345

Play **Read the Clock**. Let your child answer 20 factoids in order as possible. Time him to see how long he takes. Record the time. Make a goal to beat the record each time this game is played.

Written Assignment
No instructions needed today, as everything is a review.

Day 4
Math-Drills Together

Read Exodus 36:1-13. Draw a picture of the curtains that were made, showing how long each side was and how many loops were used on each side.

What is the most expensive fabric you can find online? Using that price, what would be the cost to make these curtains for the tabernacle?

Written Assignment
No instructions needed today, as everything is a review.

Foundations of Arithmetic - 4th-8th Grades
Week 10

Page 4
Copyright © 2013 • Foundations Press

Day 1 Week 10

A. What is the Greatest Common Factor for each pair of numbers? Try to do the work mentally.

1. 14 and 7 2. 12 and 18 3. 10 and 25

B. Simplify the fractions.

1. $\frac{16}{18} = \frac{\quad}{\quad}$ 2. $\frac{2}{6} = \frac{\quad}{\quad}$ 3. $\frac{10}{24} = \frac{\quad}{\quad}$ 4. $\frac{24}{30} = \frac{\quad}{\quad}$

C. Convert each of these mixed numbers to improper fractions.

1. $2\frac{1}{2} = \frac{\quad}{\quad}$ 2. $4\frac{3}{4} = \frac{\quad}{\quad}$ 3. $3\frac{2}{3} = \frac{\quad}{\quad}$ 4. $\frac{77}{9} = \frac{\quad}{\quad}$

D. Find the sum.

1. $11\frac{2}{3} + 15\frac{1}{3}$ 2. $17\frac{3}{5} + 19\frac{4}{5}$ 3. $15\frac{2}{6} + 17\frac{3}{6}$ 4. $13\frac{2}{5} + 14\frac{1}{5}$

5. $14\frac{1}{4} + 12\frac{1}{4}$ 6. $13\frac{7}{8} + 12\frac{1}{8}$ 7. $14\frac{1}{6} + 17\frac{1}{6}$ 8. $12\frac{2}{3} + 12\frac{2}{3}$

E. Complete the table.

+	82	94	97	87	91	99	92	85	86	96	98	80
8												
9												
11												
12												

F. Divide and Check. Write each remainder as a fraction. Simplify if necessary.

1. $2 \overline{) 7933}$ 2. $9 \overline{) 1414}$ 3. $4 \overline{) 851}$

Foundations of Arithmetic - 4th-8th Grades
Copyright © 2013 • Foundations Press

Day 2 Week 10

Equivalent Fractions

G. Simplify the fractions. (On a separate piece of paper, draw pizza to represent 4 of these equivalent fractions.)

1. $\frac{12}{30} = \frac{2}{5}$ 2. $\frac{5}{15} = \frac{1}{3}$ 3. $\frac{3}{12} = \frac{1}{4}$ 4. $\frac{11}{15} = \frac{\quad}{\quad}$ 5. $\frac{5}{6} = \frac{\quad}{\quad}$ 6. $\frac{15}{24} = \frac{\quad}{\quad}$

7. $\frac{28}{82} = \frac{14}{41}$ 8. $\frac{16}{24} = \frac{2}{3}$ 9. $\frac{36}{72} = \frac{1}{2}$ 10. $\frac{10}{40} = \frac{1}{4}$ 11. $\frac{40}{84} = \frac{10}{21}$ 12. $\frac{4}{12} = \frac{1}{3}$

H. Complete the equivalent fractions.

1. $\frac{1}{2} = \frac{\quad}{18}$ 2. $\frac{2}{3} = \frac{20}{\quad}$ 3. $\frac{4}{7} = \frac{46}{\quad}$ 4. $\frac{9}{16} = \frac{\quad}{32}$ 5. $\frac{1}{4} = \frac{42}{\quad}$ 6. $\frac{7}{8} = \frac{82}{\quad}$

7. $\frac{9}{8} = \frac{20}{\quad}$ 8. $\frac{8}{5} = \frac{18}{\quad}$ 9. $\frac{1}{4} = \frac{24}{\quad}$ 10. $\frac{1}{4} = \frac{\quad}{20}$ 11. $\frac{8}{10} = \frac{16}{\quad}$ 12. $\frac{6}{8} = \frac{\quad}{16}$

I. Find the sum.

1. $17\frac{1}{6} + 16\frac{1}{6}$ 2. $18\frac{1}{2} + 18\frac{1}{2}$ 3. $18\frac{3}{10} + 16\frac{3}{10}$ 4. $12\frac{1}{12} + 12\frac{1}{12}$

5. $15\frac{3}{10} + 16\frac{3}{10}$ 6. $13\frac{2}{5} + 14\frac{2}{5}$ 7. $16\frac{1}{2} + 12\frac{1}{2}$ 8. $15\frac{7}{10} + 13\frac{7}{10}$

J. Divide and Check. Write each remainder as a fraction. Simplify if necessary.

1. $3 \overline{) 1730}$ 2. $7 \overline{) 518}$ 3. $5 \overline{) 939}$

K. Convert the values.

1. CCXCV = 2. CXXVIII = 3. XXXV =
 4. CLXX = 5. V = 6. XXXV =
 7. XXXVI = 8. VII =

Electives

Electives are a delight-based way to study things that round out a child's interests and abilities. As always, we have been careful to base each of these subjects in Scripture, helping equip our children for future service to the King of Kings!

Art & Torah Crafts

ART 6 – LIGHT SOURCES

Art

This week we are going to learn how light affects a drawing or painting, making it look more realistic — or if not considered, can make it look very unrealistic.

Assignment: After visiting [this week's lesson website](#), find a strong source of light (such as a bright flashlight, or a lamp with the shade removed). Place it by an object you'd like to draw. Move it around, and see how it changes the way the object looks. Also notice the shadows that are cast. Finally, choose a location for your light source that makes your object look best — then draw your object.

CRAFT – SHOFTIM

KEEPSAKE JAR

Sometimes you see things that remind you of a very special person. You might think fondly of that person, but does that person know that you're thinking of him?

It's nice to learn to communicate our thoughts of love and affection to others. Here is a craft project you can do to illustrate how much you're thinking of someone special. You can make a keepsake jar that can be filled with tiny treasures you have collected throughout the year that remind you of this person. Then, at a special occasion, you can surprise that person with this jar full of great memories.

Instructions can be viewed here:

(Note: The instructions here are for making a baby keepsake jar, but you could do it for any special person.)

- <http://happilyevermom.com/2014/02/14/baby-keepsake-jar/>

Hebrew

Lesson Aleph |

Lesson Aleph

About the Letter
Aleph (pronounced "ah-lef") is the **father** of the Hebrew Alphabet, as it is the **first** letter. The picture behind the shape of Aleph is believed to be an **ox head** or **bull**.

Think about an ox. What kind of qualities does an ox carry heavy loads? It is a strong and dependable animal, able to have? It is strong like an ox, reliable, and able to carry Master. He is our strength and our

The Aleph is also a picture of our Father, Yehovah. Just like an ox, Yehovah is our dependable Father. He is strong (like an ox), reliable, and able to carry us when we are weak. He is our strength and our Master.

Aleph can also represent strength, unity, first, master, power and leader.

Genesis 1:1 says, "In the beginning, **God** created the heavens and the earth."

The word "God" in this verse is Elohim in Hebrew. It shows us how the Aleph can be a picture of our God meaning "God of gods." It shows us that Yehovah is number one!

Numerical Value
Aleph represents the numbers **1** and **1,000** in the Hebrew numerical value system. It reminds me of this Scripture verse: "Hear, Israel: Yehovah is our God. Yehovah is one" (Deuteronomy 6:4). And therefore, it shows us that just as Aleph is one, our God Yehovah is also one. He is the **only** true and **only** God.

19 | Alephbet for Beginners from Psalm 119

Sound
Aleph is a silent letter. It does not have a sound by itself, unless a vowel (nikud in Hebrew) is given to it. When Aleph is given a vowel, it acts as a "carrier," as it carries the vowel it is given and only makes the vowel sound.

In order to make a sound, it needs a vowel. When it isn't carrying a vowel, Aleph is silent.

Flashcard Words
Each lesson, you will be given a few words beginning with the letter you just learned. There are flashcards at the back of this book you may use (or you may create your own). Rip out, cut out, and laminate all the flashcards starting with the letter Aleph. This will be your first Hebrew flashcard set. Read each of these words out loud. The pronunciation is right next to the Hebrew word.

Remember, Hebrew is read from right to left. (The **א** sound in these words makes the same sound as in the word **באב**.)

אבא	Ah-ba	Dad, Father
אמא	Ee-ma	Mom, Mother
אח	Ah-akh	Brother
אחות	Ah-akhot	Sister
אני	Ah-nee	I
אנחנו	Ah-nahnuh-noo	We

Flashcard Word Fun

1. Read through all your flashcards in your flashcard set, pronouncing the Hebrew words out loud.

Remember, Hebrew is read and written from right to left.

2. Circle the correct Hebrew word that goes with each picture.

אחות	אבא אח
אבא אחות	אח אני
אני אחות	אמא אנחנו

Music

Music - Week 5

Music

Today let's begin by reviewing.

(Show Chart 2.) What does the top number of a time signature mean? (It tells us how many beats are in a measure.) Where are the bar lines? Where are the measures?

(Show Chart 4.) How many beats do we rest when we see a quarter rest? (One)

(Show Chart 3.) Today I'm going to tell you some more of our silly story about the dirty little brothers.

What is the name of the first little brother, the one with the dirty hair and his hair sticking up? (Mr. Quarter Note) How many pieces of candy did his mother give him? (One)

His brother Mr. Half Note was much more obedient to his mother, only he was also forgetful. When his mother called him to come inside for Shabbat, he came right away. Wasn't that good? He went straight to the bathroom and turned on the sink. He scrubbed his muddy face with soap and water until his face was squeaky clean. Unfortunately, he forgot all about combed his hair! When he went to show himself to his mother, she was very proud of him for at least trying to obey. She gave him TWO pieces of candy.

The third brother's name is Mr. Whole Note. He was very obedient and responsible. When his mother called him to come in for Shabbat, he came immediately and also went straight to the bathroom and turned on the sink. He scrubbed his muddy face also, making it nice and clean. Then he looked in the mirror and combed his hair, until it was nice and neat. How many pieces of candy do you think his mother gave him? No, not three! His mother was so proud of him that she gave him FOUR pieces of candy.

When we see Mr. Half Note in a song, we will clap and hold it, counting to TWO, like this: one - two

When we see Mr. Whole Note in a song, we will clap and hold it a very long time, counting to FOUR, like this: one - two - three - four

(Hand out Rhythm Activity 2.) Do you see any half notes on the first line of our Rhythm Activity?

How many beats are in each measure? (Four) So we will count to four as we clap each measure. When you see a half note, clap and hold it for two beats.

(Continue through Rhythm Activity 2, repeating lines if necessary.)

Let's finish today by singing a song that is nice to sing on Shabbat. Maybe this is the same song our Music Note Brothers sang once their hair was combed and their faces were washed. Clap while you sing!

(The tune is available online.)

(Boys)
(Girls repeat)

This is the day,
This is the day,
That fish-weh hath made,
That fish-weh hath made,
We will rejoice,
We will rejoice,
And be glad in it,
And be glad in it.

(Everyone together)
(Boys)

This is the day that fish-weh hath made,
We will rejoice and be glad in it.
This is the day,
This is the day,
That fish-weh hath made.

Another verse:
(Everyone together)

This is Shabbat,
That fish-weh hath made.

Rhythm Activity 4

Poetry

Poetry - Week 1

Read this poem each day:

Hiding
Dorothy Annis

I'm hiding, I'm hiding
And no one knows where;
For all they can see is my
Toes and my hair

And I just heard my father
Say to my mother -
"But, darling, he must be
Somewhere or other;

Have you looked in the inkwell?"
And Mother said, "Where?"
"In the inkwell!" said father. But
I was not there.

Then "Wait!" cried my mother -
"I think that I see
Him under the carpet." But
It was not me.

"Inside the mirror's -
A pretty good place!"
Said father and looked, but saw
Only his face.

"We've hunted," sighed Mother,
"As hard as we could
And I am so afraid that we've
Lost him for good."

Then I laughed out aloud
And I wiggled my toes
And father said - "Look, dear,
I wonder if those

Toes could be Benny's?
There are ten of them, see?"
And they WERE so surprised to find
Out it was me!

Poetry - Week 2

Read this poem each day.

Overheard in an Orchard
Elizabeth Cheney (1859)

Said the robin to the sparrow,
"I would really like to know
Why those anxious human beings
rush around and worry so."

Said the sparrow to the robin,
"Friend, I think that it must be
That they have no Heavenly Father
such as cares for you and me."

Draw a picture to illustrate this poem.

Poetry - Week 3

Read this poem each day.

My Heart's in the Highlands
Robert Burns (1759-1796)

My heart's in the Highlands, my heart is not here;
My heart's in the Highlands - chasing the deer;
A-chasing the wild-deer, and following the roe,
My heart's in the Highlands wherever I go.

Farewell to the Highlands, farewell to the North,
The birth-place of valor, the country of worth;
Where'er I wander, wherever I love,
The hills of the Highlands for ever I love.

Farewell to the mountains high covered with snow;
Farewell to the straths and green valleys below;
Farewell to the forests and wild-hanging woods;
Farewell to the torrents and loud-pouring floods.

My heart's in the Highlands, my heart is not here;
My heart's in the Highlands - chasing the deer;
A-chasing the wild-deer, and following the roe,
My heart's in the Highlands wherever I go.

Robert Burns wrote this poem out of longing for his homeland of Scotland. Read Psalm 48 and Psalm 137. For what beautiful land do our hearts long?
 Go to www.bible.com and learn about some of the beauty of Israel. You might like to make a poem about Israel, similar to the poem Robert Burns wrote for his homeland of Scotland.

P.E. & Health

P.E. Time - Week 4					
	Monday	Tuesday	Wednesday	Thursday	Friday
Stretch and Flex:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Practice Challenges Learned So Far:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Moving Time:	Learn a new challenge.	Choose a Movement card.	Learn about a team sport.	Play a fun game.	Do a health research project.

This week's challenge: Challenge #4 - Pace Test See p. 27.

Time your children's running ability today to use as a benchmark for future improvement. If young ones cannot complete the run, modify it to suit their age.

This week's sport: Football

Learn More: Football: http://en.wikipedia.org/wiki/American_football
History: https://en.wikipedia.org/wiki/History_of_American_football
Strategy: http://en.wikipedia.org/wiki/American_football_strategy
Goal: http://en.wikipedia.org/wiki/Rugby_football
Flag Football: http://en.wikipedia.org/wiki/Flag_football

This week's game: Drabble Maze

Come off a large square area in a gym or on a paved parking lot. Explain that each player must dribble his or her basketball and remain inside the coned area. The object is to knock away other players' basketballs while keeping your own ball dribbling. If a player's ball is knocked out of the square, he or she must leave the square until the next game.

15. Backwards Scrubbing
16. Chair Stretch

➡ Take a drink before continuing...

Challenge Goals
Write children's names across the top, and put goals for the week, month, or year in the boxes below. Place a sticker over the box when the goal is accomplished. What other rewards could be earned?

Perfect Pushups					
Curl Ups					
Sit & Reach					
Pace Test					
Squat					
Throw & Catch					
Fiddle Sticks					
Hula Hoop					
Volley Up					
Jump Rope					
Balance Shuffle					

29

1.5 Octopus Tag: Set up cones so that you have two lines about 20 yards apart. The two edges are the "beaches" and the middle area is the "ocean." Choose the child to be the "octopus," who must stay in the ocean. Other children run from one beach to another without ocean area smaller. Informs: Have all children play on their knees (watch for rug burns). Make the

1.6 Jump Rope Game: The cream soda, cherry on top. A B C D. I, and so on until someone misses. Then take the letter you landed on and name someone you know whose name begins with that letter.

2.1 Scrambled Eggs: (From the book Moving with a Purpose) Have all your eyes. I mean, children... scatter across a large area outdoors. When you yell "Scramble!" they will start to run. When you yell out a healthy addition to scrambled eggs (such as "broccoli"), all children freeze in place until you yell "scramble!" again. Let children take a turn being the leader, too. Informs: Instead of running, try jumping jacks.

2.2 Advanced Jump Rope Game: (Adapted from the Golden Rule) Person spells name and goes to school. Person spells name and then runs out without touching rope. Then each subsequent turn, the person jumps through the grade. Kindergarten-person put name through the turning rope, first grade-person jumps once, being "first grade" then runs out, and so on, through the 12th grade. The person turn ends with be or she has tripped on the rope at any time, or when completed through the 12th grade.

2.3 Hula Hoop Relay: Start by establishing a course - a straight line to a goal in chair or trash can, for instance - and back, or create a real around obstacles. Have children take a hula hoop and roll their hoop around the obstacle.

2.4 Human Obstacle Course: Family members are used as an obstacle course: a standing pole to go around, a leg raised to go under, knees and feet to step over, siters with legs outstretched to step in and around, another standing pole to circle around and return to the starting line, etc. Runner must repeat if missed or improperly executed.

2.5 Horse & Buggy: One parent steps inside the hoop and holds it at waist level. The first person to step on the hoop is the driver. He steps on front of the driver in the hoop, and sets the pace as the horse dragging and pulling. Together they pull up around a designated area. After a few minutes, they switch places and get to play the opposite role.

116

Typing

Typing - Week 1

Day 1

Open a Word Processing program on your computer, or even a program such as Notepad.

Set this lesson on your desk. You should be sitting squarely in front of your keyboard, and only your head and eyes will be turned toward this lesson.

Before you start:

- Curve your fingers over the "Home Row" keys.
- Most keyboards have a bumpy dot on the F and J keys. You should be able to feel it with your index fingers.
- The sides of both thumbs should rest lightly on the space bar.

Type this row of gray letters. Don't say the letters out loud as you type. Just quietly think them in your head.

f d s a k l j (Now move your right pinky over and press "Return.")

Do you see the spaces between the groups of letters in this next set? You type a space by pressing your right thumb.

Typing - Week 15

Day 1

Type the following common words.

a of to in is it he on as be at or by we up an do if
a of to in is it he on as be at or by we up an do if

a oh go my no am me so on at by up to if us he of in
a oh go my no am me so on at by up to if us he of in

the and you was for are his one say low boy old

got car ten war lay had hot but can out all use
got car ten war lay had hot but can out all use

way her set air end put add big act why ask men
way her set air end put add big act why ask men

try eat cut red dog fly cry see him too she off
try eat cut red dog fly cry see him too she off

He that is of a proud heart stirreth up strife; but he
that putteth his trust in YHWH shall be made fat.
Proverbs 28:25

Let another man praise thee, and not thine own mouth;
a stranger, and not thine own lips. Proverbs 27:2

though YHWH be high, yet hath he respect unto the lowly;
but the proud he knoweth afar off. Psalm 138:6

These six things doth YHWH hate: yea, seven are an
abomination unto him: A proud look, a lying tongue, and
hands that shed innocent blood, an heart that deviseth
wicked imaginations, feet that be swift in running to
mischief, a false witness that speaketh lies, and he that
soweth discord among brethren. Proverbs 6:16-18

Typing - Week 28

Day 1

Type the following section very carefully, following all indentation, bold, italic, and punctuation. Do you know how to type a footnote as well?

YHWH has big plans for your life. His desires for you revolve around His great love for you and the rest of humanity.)

He desires an intimate relationship with you, one where you and He can walk and talk closely with each other. He wants you to know, "Yes, I have loved you with an everlasting love; therefore with lovingkindness I have drawn you" (Jer. 31:3, NIV). He wants you to love Him, too! Fifteen times the Word of God talks about loving YHWH. For example, "You shall love YHWH your God with all your heart, with all your soul, and with all your might" (Deut. 6:5).

YHWH wants to make you into a person with godly character. Note what He said through Paul in Ephesians 2:10: "For we are His workmanship, created in Messiah Yeshua for good works, which God prepared beforehand that we should walk in them," and through John in 1 John 3:2, "Beloved, now we are children of God; and it has not yet been revealed what we shall be, but we know that when He is revealed, we shall be like Him, for we shall see Him as He is."

And YHWH desires to use you in a big way. He said, "For I know the thoughts I have toward you," says YHWH, "thoughts of peace and not of evil, to give you a future and a hope" (Jer. 29:11).

Remember that this One Who cares so much for you is the Almighty Creator of the universe. Our YHWH created all things by the words of His mouth. He is omnipresent ("free from the laws or limitations of space"). He is omniscient (has "perfect knowledge"), and He is omnipotent (possesses "absolute power"). There is no one like our God!

Yet even more mind-boggling is the truth that the King of the universe wants a personal relationship with you! He desires your love, affection, and loyalty.

When YHWH created light, water, flowers, and wind, He did so by speaking. But when He created the first person, He lovingly took the dust on the ground and gently formed a man with His own fingers. Then He leaned down and breathed into man the "breath of life." What a loving God we serve!

Chores & Life Skills

Chore Time - Week 1

Chores for All

- In our house, everyone from the 1-year-olds to the 100-year olds does the following chores each day:
- Get dressed
 - Put pajamas away
 - Put dirty clothes away
 - Make bed
 - Brush teeth
 - Fix hair

We do our chores right after breakfast and Torah portion reading. Sometimes Mom puts on some fun music.

If we are doing our chores too slowly, she will set a timer. If we don't complete our chores within that reasonable amount of time, we know we will be punished.

Mom (or an older sibling) helps the very youngest ones do their chores.

1. She first changes their diapers. She helps them walk to the garbage can to dispose of their diapers until they are old enough to do it themselves.
2. Next, she walks with them to the dresser for clean clothes and shows them where to put their pajamas.
3. Next, she helps them tug and pull on their blankets and smooths the wrinkles out for them. She helps them place favorite dolls and blankets on their pillows. (To make it easier for little ones to make their beds, she only uses a fitted sheet - not a top sheet.)
4. Then she walks them into the bathroom and brushes their teeth. As they get older, she lets them have a turn holding the toothbrush when she is done.
5. Finally, she brushes their hair. She shows them where to put the brush or comb when she is done.

Mom expects that any potty-trained toddlers should also be able to dress themselves and do most of their chores without help.

For children who can't yet read, she has placed a chore chart on the refrigerator (see p. 2). We "read" it every morning and do our chores in this order. By the time we are old enough to read, we're in the habit of doing these chores first, and we don't really need the chart any longer.

When we are done with our chores, we check if Mom has any additional chores she wants us to do (see each week's lesson plans, beginning p. 3).

Chores to Learn

Below are chores that you can teach (or review with) your child this week. If your older children haven't learned a chore well, be sure to take the time to teach it.

Week 3

This week's focus: "Making a Bed"

- Preschool & Elementary:** This age child should be able to make a bed fairly well, especially if you eliminate the top sheet and use just a comforter on top. Help him to arrange any stuffed animals and blankets neatly. Remind him to check for "lost" toys or clothing under the bed and behind the bed.
- Older Children:** Now your child is old enough to learn how to make an entire bed, even the sheets. Why not even teach how to make hospital corners? See <http://www.marthastewart.com/246682/hospital-corners>

Kids' Chores

Kitchen Helpers:

Breakfast: Andrew, Kiersten
Lunch: Kaitlyn, Jack
Supper: Kaitlyn, Kacey, Smoothies, Kaitlyn

Before Breakfast:

- Get Dressed
- Dirty Clothes
- Make Bed
- Brush Teeth
- Deodorant
- Hair

Bedrooms:

Daily: Toys put away, Bed made, Dirty clothes put away, Clothes neat, Lights off, Decorations straight

Monday: Under beds, Dust, Vacuum

Cleaning Chores:

- Monday - Bedrooms
- Tuesday - Bathrooms
- Wednesday - Floors, stairs
- Thursday - Other, outside
- Friday - Kitchens, bathroom, floors

School Day Schedule:

7:30	Wake Up
8:00	Breakfast
8:30	Family - Bible
9:00	Chores/Preschool
9:30	School
1:00	Lunch
1:30	Homework/Work
2:30	Crafts/Projects
4:00	Outside
5:00	Meal Prep/Laundry
6:00	Supper
7:00	Chores/Bath

After Supper:

- Pets
- Tomorrow's Clothes
- Baths
- Toys

Laundry:

- Monday - Girls' Sheets
- Thursday - Boys & Parents' Sheets

Solo Work

There are many subjects your children can (and should!) do on their own time every day. This teaches them to be responsible and to finish their work well. Solo work ranges from independent Bible reading, assignments in history and science, math homework, and spelling words, to chores and music practice.

Teacher Resources

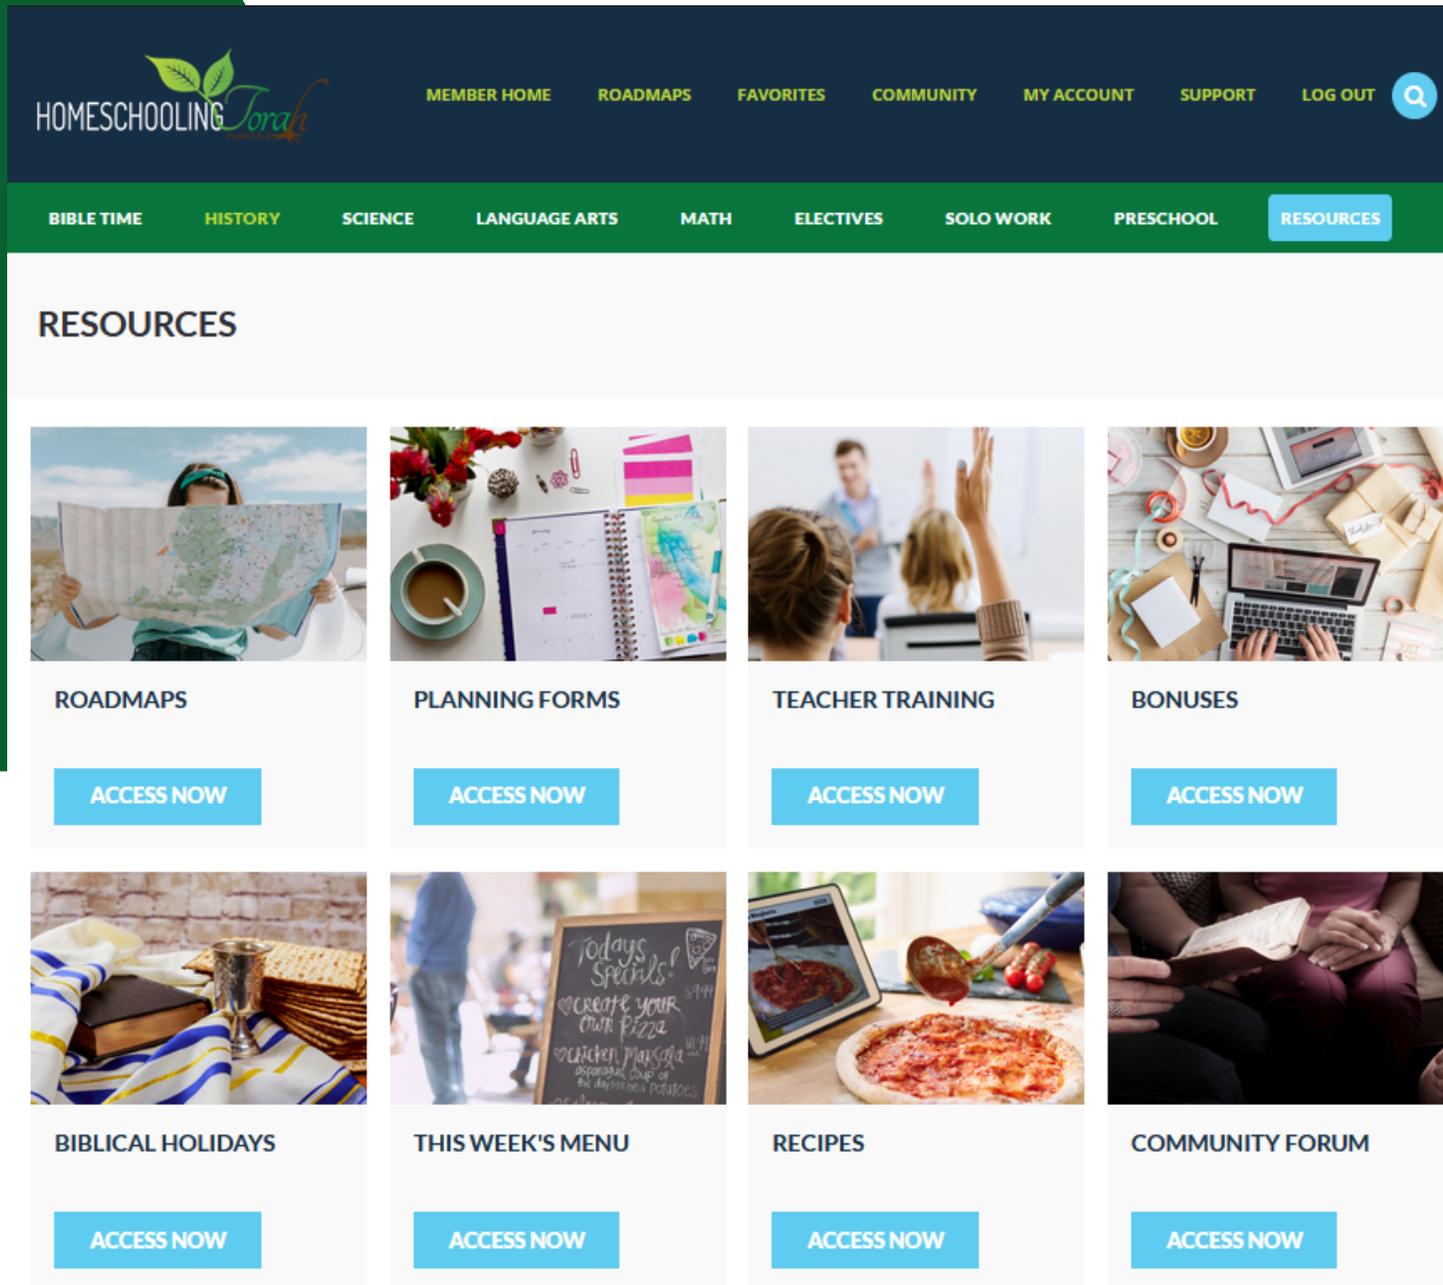

Membership includes easy-to-follow instructions for new homeschoolers and veterans alike, with practical planning helps for parents — such as household planners, menus, and recipes (featuring biblically clean foods!).

We've done the prep work for you, freeing you up so that you have energy for priorities of home, children, and marriage. At the beginning of each month, simply print... insert into a 3-ring binder... teach.

PLUS, we'll give you private access to videos, webinars, articles, and community events. Both new and experienced homeschool moms can find mentoring.

What Resources Look Like on the Website...

The screenshot displays the website's interface. At the top, a dark blue navigation bar contains the logo "HOMESCHOOLING Torah" on the left and a list of menu items: "MEMBER HOME", "ROADMAPS", "FAVORITES", "COMMUNITY", "MY ACCOUNT", "SUPPORT", and "LOG OUT" on the right. Below this is a green secondary navigation bar with categories: "BIBLE TIME", "HISTORY", "SCIENCE", "LANGUAGE ARTS", "MATH", "ELECTIVES", "SOLO WORK", "PRESCHOOL", and "RESOURCES" (highlighted in a light blue box). The main content area is titled "RESOURCES" and features a grid of eight resource cards. Each card includes a representative image, a title, and an "ACCESS NOW" button.

Image Description	Resource Title	Action

Welcome to Homeschooling Torah!

Are you ready to set up your curriculum? We'll walk you through — step by step!

STEP 1 - GET SUPPLIES

STEP 2 - SET UP YOUR TEACHER NOTEBOOK

If you're anything like me — it helps to have your daily lesson plans in print, so you can touch them, feel them, look at them, think about them, and pray over them. Your Teacher Binder will become your "brain." 😊

Print these to get started:

1. Print the spine for your binder.
2. Print a cover for your binder.

Do you like to color? Sometimes while my children are doing their math or copywork, I get a little bored. To keep me from wasting my time on social media, and so that I stay with my children (Proverbs 29:15), I enjoy coloring. We have included a coloring page in your front cover.

Biblical Holidays

The Bible studies, lesson plans, and fun activities on this page will help your family observe and keep the feasts of YHWH in your home.

The Biblical Feasts (Free E-Book)

posted on AUGUST 4, 2013 (0)

Scripture tells us that everything in the Bible points to our Messiah, Yeshua. For Christ is the telos of the law for righteousness to everyone who believes ([Romans 10:4](#)). The Greek word telos means ...

Ideas for Celebrating Erev Shabbat

posted on AUGUST 4, 2013 (0)

There are only a few commands given in the written Torah on how to observe the sabbath day. Of course, we are not to work. We are to rest. We are to assemble. We are not to cook. We are not to buy and ...

A Day of Rest with Little Ones

posted on AUGUST 4, 2013 (0)

(Is That Even Possible?) Guest post by Katie Him Recently, I was asked how do I make Sabbath happen with so many little ones. Currently, in our home we have four preschoolers, and one toddler. We ...

The Events of the Week of Yeshua's Death and Resurrection

posted on APRIL 14, 2014 (0)

Here is a biblical study of the timing of the events that proved that Yeshua was our Messiah and that our hope of the resurrection is not in vain. HalleluYah! We also highly recommend this Passover ...

The Feast of First Fruits

posted on APRIL 11, 2014 (0)

I personally believe that the feast of first fruits is one of the most neglected of all the feasts. However, this feast represents the resurrection of our Messiah and promises our own resurrection! It ...

Many of our recipes are written by Elizabeth Lock.

ABOUT ELIZABETH:

I am a wife, mother, homemaker, homeschooler, and sister to many in Messiah. In my journey to be healthy, I have gradually refined my pantry to clean, unadulterated food. I believe making real food leads to good health and connecting with people. From traditional fermented fares to Kosher preparations and everything in between, making food should be enjoyable and nourishing.

A little more about my journey:
