

Introduction to Foundations of Typing

Foundations of Typing is a 36-week set of daily lessons teaching typing skills for students from grades 3-12.

You probably didn't learn to type until high school, if you ever took a typing class at all. However, the world our children live in is completely different. Typing is an incredibly important skill.

- Almost every job requires the use of a computer.
- Over 90% of American homes have a computer.

However, incorrect use of fingers on a computer keyboard can lead to repetitive strain injury, not to mention an inefficient use of time because of slow typing.

As we think about preparing our children for ministry in the Kingdom of God, we also realize the importance of computer skills in establishing ministries and assisting others in ministry, not to mention the vast amount of communication they need to be prepared for online and through email.

Since typing seems to be an inevitable skill, why not use it as the perfect opportunity to think about and meditate upon God's Word? As your children practice their typing skills each day, we'll plant Scripture into their hearts and minds.

Once we learn enough letters to be able to type verses from the Bible, we'll head into the book of Proverbs, as well as other "practical-living" sections of Scripture, such as Paul's epistles and the words of our Master Yeshua.

"Finally, brothers, whatever is true, whatever is honorable, whatever is just, whatever is pure, whatever is lovely, whatever is commendable, if there is any excellence, if there is anything worthy of praise, think about these things" (Philippians 4:8, ESV).

Topics Covered

Our typing curriculum can be used for most ages who are established in reading.

Note: If you need to teach a non-reader how to type, we recommend purchasing Individualized Keyboarding by AVKO.

How to Use This Curriculum

WEEKLY FORMAT

In our home, we assign a daily typing practice time, which can be completed by the student independently.

Days 1-4: The student will learn new letters on a standard keyboard, then practice what he has already learned.

Day 5: We schedule a fun review game online, using free Internet typing websites.*

**Always supervise your children online.*

SUPPLIES NEEDED

- Each student needs to print the weekly **typing lessons**. We recommend placing the lessons in a 3-ring binder, but a clipboard might be even easier. We do ***not*** recommend typing from the computer screen, if you can help it.
- You will also need some sort of **word-processing software** for your student. If you don't own this already, we highly recommend Open Office (free).
- Later in the year, your student will type directly from his **Bible**.

Need Help Teaching Typing?

We'd love to help! Contact us if you're having trouble understanding or explaining a topic. We'll make a video and show you how we teach it at our house. That's what community is for!

About Foundations of Typing

Typing - Week 1

Day 1

Open a Word Processing program on your computer, or even a program such as Notepad.

Set this lesson on your desk. You should be sitting squarely in front of your keyboard, and only your head and eyes will be turned toward this lesson.

Before you start:

- Curve your fingers over the “Home Row” keys.
- Most keyboards have a bumpy dot on the F and J keys. You should be able to feel it with your index fingers.
- The sides of both thumbs should rest lightly on the space bar.

Type this row of gray letters. Don't say the letters out loud as you type. Just quietly think them in your head.

`fdsajkl;` (Now move your right pinky over and press "Return.")

Do you see the spaces between the groups of letters in this next set? You type a space by pressing your right thumb.

fff jjj ddd kkk sss lll aaa ;;;
fff jjj ddd kkk sss lll aaa ;;;

(Press "Return.")

(Press "Return" twice.)

fff jjj ddd kkk sss lll aaa ;;;

ask dad; sad dad; sad fad dad;
```

(Whew! Rest a moment!)

Now you need to “save” the document you’ve made. Your mother should be able to help you.

- Name your document: `typing1`

Day 2

Keep your eyes on this lesson as you type. Resist the urge to look at your fingers or at your computer screen.

```

as dad; a fall; sad lad; ask dad; fall fads;

alas a jak; dad as a lad; add a salad;
alas a jak; dad as a lad; add a salad;

Do you remember how to “save” the document you’ve made?

- Name your document: typing2

Day 3

Let's warm up. Remember not to look at your fingers or at the computer screen.

```
asdf jkl; asdf jkl; fdsa ;lkj fdsa ;lkj
ff jj dd kk ss ll aa ;; fjdksla;
ff jj dd kk ss ll aa ;; fjdksla;
